Parliament Approves
Commercial Tribunal
by 86 to 45.

Personal Liability Ag-
ainst Persons Found
Guilty.

Ottawa, July 1.—By a vote of 86 to 45 the House of Commons to-day passed a bill to establish a commercial tribunal on the cost of living calling for the establishment of a tribunal allied with authority to investigate alleged profiteering in restraint of trade, and also with legislative power to deal with discriminatory practices of manufacturers, purchasers of commodities, exclusive purchases and sale arrangements, encroaching and other interlocking directorates and unfair methods in commerce. G. B. Nicholas, of the committee, said the bill as it stands will be concurred in and supported his motion by arguing that the application of the bill to the subject proposed by the committee would do much to allay the alarm arising from the strike of the British and Arthur Melgson, the Acting Minister of Justice, also supported the suggestion embodied in the report. He has introduced a bill in the House of Commons two bills dealing with the subject matter of the report. One calls for the creation of a Board of Commerce, and the other, known as the "Combines and Fair Trade Act," sets forth regulations to be enforced by the new board.

HEAVY TRAFFIC

Despite the large automobile traffic on Kenton, on the holiday there were very few accidents. One girl was killed in a collision with a boy who was riding a bicycle. Another girl was injured in an accident, met with another mishap when she collided with a jitney at the corner of Main and King streets. The accident was reported to have been the car at fault. The driver was travelling north on King street when the jitney was rounding the corner from Gregory's corner to Duthman's and proceeding to the destination. The girl was driving the car, apparently cutting the corner with great speed, and the impact of the turn was a smashing and crimping of the front for a few minutes.

PELLET LAYS EGG ON PIC- TURES AND SIGNS.

Dallas, Texas, July 1.—There is no time to be devilish in this country where on earth can you get a picture of Mrs. H. A. Spain of this city can force itself on you. An interesting picture was a picture of this country which looked like it had been on a screen. On another side of the egg was a picture of a man with his head beaten out of shape. A stand is being run by dealers dealing in signs. Spots of the things told of more trouble in the town in which the big-headed Hugs will be. This is not the first time that the dealer has been in town with his pictures. She sold one last week which was covered with pictures resembling a battlefield with a desolate struggle in progress.

RWARD FOR SIR A. CURRIE

Ottawa, June 26.—Lieut.-Col. Sir Arthur Currie's services to the Dominion in connection with the Canadian forces in France are to be publicly recognized. It is said, by his appointment to a high military position in Canada. The manner in which Sir Arthur Currie's services to the Empire should be acknowledged by the government of the day is to be determined at a meeting to be held to-day in the caucus of the government's supporters in Parliament.

It is understood that the British government voted a money grant to victorious Canada, but it is believed that the eminent services of the Canadian Corps will more than justify the sum given in his support. The Canadian General of the Military Forces, with a salary commensurate to the importance of his position.

A slight rain fall occurred near Cambrai last night, when our cars left for the trip on June 29, and Lindsay, June 29th, and reports it is understood that very little damage was done.

"I Am So Afraid it is My Heart"

EVERY many people live in constant dread of heart trouble when the heart is way diseased.

The heart is perhaps the organ in the human system which is worked so hard and yet the heart seldom goes wrong so long as it is supplied with plenty of rich, red blood.

In fact the heart repairs its own waste and blood on, lifting 'tons of blood each year and pumping it through the body.

But the heart's action is the result of the contraction and dilation of muscles and these muscles are operated on the nervous system. When the blood gets thin and watery and the nervous system is starved the action of the heart, just like that of the stomach, bowels and other organs, is slowed down.

As a result, you are easily tired out, experience shortness of breath, palpitation of the heart and general bodily weakness.

The quickest and most rational way to

overcome this condition is by the use of Dr. Chase's Nerve Food to enrich the blood and build up the exhausted nerves.

With the nerves in a run-down condition you are sure to get downhearted and discouraged and to imagine that all sorts of dreadful things are likely to happen to you.

But when you have been using the Nerve Food for a week or two you will begin to see the silver lining to the cloud and to realize that you are on the way to health, courage and happiness.

The speaker emphasized the need for co-operation, that "the people of the world are to be educated to the building up of a tariff wall. He dwelt on the fact that the present world war has made it necessary that in being made into the high cost of living.

The meeting was also addressed by Mr. Frank Webster, of Lindsay Valley. Present: T. Weston Jackson presided.

Dr. Chase's Nerve Food, 50c a box, 6 for \$3.75, dealers or Edmaston, Bales & Co., Ltd., Toronto. The portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, are on every box.

FARMERS AND NEW TARIFF

The farmers throughout the Dominion have most substantial reasons for being pleased with the proposed new tariff, which, it is the opinion of most of our leading business men, will do away with the need for taxation, submitted by Sir Thomas White, Minister of Finance, in his budget speech, delivered on the floor of the House of Commons a few days ago. Home taxation in which the farmer bears the brunt, is, I believe, to be abolished, and taxes on the vast majority of the farmer's products have been increased. The farmers, therefore, gain both ways. Some of their tax burdens will be removed and the new tariff will return comparatively few of them.

Everyone, who gives the matter any thought, will be pleased to hear the exact state of the tremendous financial improvement.

But it is a war year. Soldiers have to be brought home and demobilized, and gratuities to the discharged men will be paid. The cost of the war will amount to \$100,000,000, which, added to the regular expenditures, makes a grand total of \$1,000,000,000.

The estimated revenue is \$250,000,000, amounting to less than one-half of the present budget. There will be no answer to war least in the nature of that budget, given notice.

But it must be borne in mind that the actual war expenditure will end next year, and that the cost of the war will have to remain, for the ordinary expenses of government, for pensions to soldiers and dependents, and for the cost of the war.

It is estimated that the cost of the war will be \$15,000,000 a year, and that \$15,000,000 a year will be required to pay the interest on the national debt. The pension will run its present course, and interest charge will be added to it.

It will be for the farmer to decide what will be the amount of his tax.

The interest charge will be heavy.

This is the most interesting feature.

When the war is created by who looks after the interest charge?

See some of this customs revenue and to it do in such a way as to benefit the farmers.

In order to increase revenue in general, and to have something to spend on capital, the proposed new tariff rates of British imports were raised by 5 per cent., and the rates of the intermediate and secondary tariff by 12 per cent.

The speaker called the new tariff a "franchise tariff" to be abolished, and the increase in rates will be applied with respect to a long list of goods in general use, including agricultural implements, oil, clothing, meat, and so on.

Then there will be a further reduction of the general tariff on certain agricultural implements in some cases from 27 to 12 per cent. to 10 per cent.

The freight rates on these implements will also be reduced, the reduction being effected from the railroads, and the reduction will be applied to the railroads, the general tariff on the railroads will be reduced.

This lowering of the tariff is the best benefit of which the farmer will have the greatest share, will reduce the customs revenue by \$37,000,000, and the general tariff by \$10,000,000.

Of course revenue must be increased to make up what is lost in customs duties, but to meet the increased interest charge and the pension.

Here is new taxation, not in kind but in cash, and that increased taxation will be applied to the pension, and that \$15,000,000 a year will be required to pay the interest on the national debt. The pension will run its present course, and interest charge will be added to it.

It will be for the farmer to decide what will be the amount of his tax.

sent to the press, and the
still Hale and hearty able to be
about, and the proud distinc-
tion of having missed but two or-
pases since he joined the
order.

He is a most enthusiastic Oran-
geman, and is a member of the
Orangemen on the Glorious Twelfth, and
is one of the old boys; in
years is one of the young boys when
it comes to celebrating.

CHURCH AT DUNFORD

Orangemen of Dunford and dis-
trict attended divine service last
Sunday at the Methodist Church, and
the organ and the church
was packed to hear a splendid ser-
mon delivered by Rev. D. Halloway.

He is a most enthusiastic Oran-
geman, and is a member of the
Orangemen on the Glorious Twelfth, and
is one of the old boys; in
years is one of the young boys when
it comes to celebrating.

STOCK ASSN. ANNUAL MEETING

The annual meeting of the Young People's Fund Stock Association was held in the Agricultural Rooms, Lindsay, on Saturday, June 22. The meeting was well attended and a large amount of money was raised. It was decided to hold a sale again this winter, which will be the eleventh annual sale held in succession by the association, the first being held in 1919.

President, A. E. Swanson; officers and committee as follows:

Vice-President, H. H. Reed, Branson.

Secretary, A. A. Knight, Lindsay.

Director, Jas. C. Casey, Thos. H. Walker, Jas. C. Bell, John R. R. Hewitt, W. R. Seymour, W. H. Greenway.

The retiring officers were each tendered hearty vote of thanks by the meeting.

HOW TO PRUNE YOUR TREES

Always use a pole saw and pole pruner on the top of the long branches.

Do not "head back" or cut off the top of a tree except where the tree is old and dying, and then under expert instructions.

Be as sparing and as judicious in pruning as possible, and do not raise the top of a tree except to make the tree look like a telegraph pole.

Commence pruning the tree from the top and work at the bottom.

Take out all dead and damaged wood, and pruned and parallel to the trunk as possible.

To make the cut perfectly smooth the saw should be well set and sharp.

Do not cut off large branches on one tree at a time. They must be removed gradually the work being done in small sections.

Leave no stub, dead and dying wood, or fungus-covered branches behind you.

Do not fail to cover every wound with coal tar, not allowing it to bleed to run down the trunk.

James Kelly, Brinsford, was fined \$250 for bootlegging.

The Charlottetown Fair will be held this year Sept. 23-27.

The Prince of Wales will be invited to visit St. Thomas.

Fine Summer Hats The Talk of The Town

YOU WILL FIND IT A COMPARATIVELY SIMPLE
MATTER TO MAKE SELECTION OF A SWEATER

Sheffield Knit Sweater, \$8.00 to \$17.50—In the open-front style, with brush collar and cuffs; cashmere.

Silk Knit Sweaters, \$3.00 to \$8.00—We are a bit surprised when we find a woman who does not like the store and says she wants such and such style silkover sweater. She has seen so many it is a simple matter indeed to choose.

Fine smaller Straw—Milan, Leghorn, Japanese Beads and Bough Straw. Hats that will keep their shape well through many seasons, visciditudes, because they are well made in every little detail.

They complement tailored and sports costumes beautifully with a cool, well-turned grace.

Variously trimmed with fine trimmings, lined—ready for service. Various shapes in correct proportion.

THESE ARE AN APPEALING ATTRACTIVE
TO A LACE TRIMMED SATIN CAMISOLE

\$1.00 to \$3.75.

Women have come to realize that geometric crepe de chine, or other summer waists or dresses can be made doubly attractive if worn with a lace trimmed satin camisole. You can so greatly improve a pretty waist or a pretty dress with a camisole that can be purchased for as little as \$1.00 to \$1.50, that it doesn't seem worth while to pay twice the price.

Here are camisoles of various kinds, made of satin or silk in white, pink or blue, lace trimmed and ribbon trimmed, prices \$1.00 to \$3.75.

A BROAD ASSORTMENT OF MOIRE, PLAIN TAFFETA AND FANCY RIBBONS FOR CHILDREN'S HAIR BOWS

With a choice of a great many kinds, you may choose from several qualities, but in each case just the kind of ribbon every girl likes for her bows, whether it be plain, moire, satin taffeta, checks, plaids or dressen effects. Prices, 15¢ to \$1.50 per yard.

WHITE STOCKINGS, 25¢ to \$1.50.

The woman who expects to wear white stockings must needs determine immediately the extent of her purchases. After this lot is sold, the above will not be an every day price. Full fashioned stockings, double heels, solo and toe, 35¢ to \$1.50.

LET'S CANADA GET IT.

It is all wrong that artificial conditions and restraining organizations should have control of necessities. If the essential food supplies are to be given with a price tag attached, it is really the crux of the game—the country should take the handling of food supplies into its own hands and do the business for itself. If it is what the thing is something of a gamble, at least let us create the odds by giving the bookmakers the velvet.—London Advertiser.

STRIKE OF MINERS IN ENGLAND

Serious Situation — Industries Crippled by Shortage of Coal

London, July 21.—As a protest against the increase of 15 shillings in the price of coal, which came into effect yesterday, miners in the Miners' Federation to accept a compromise on the wage and other demands of the miners of the Middlesbrough district of Northumberland, though they had voted to strike that morning. The men in other districts, however, have not done, despite the all-dictated nature of the federations in that district, that work is suspended until the Government and the miners come to an agreement on the growing out of the increase in the coal price.

Some 260,000 miners throughout the country are on strike for an increase in wages granted by Yorkshire mine owners, subject to approval by the coal commission. West Yorkshire owners, however, withdraw their agreement.

Great miners, however, consider as "very serious" the strike of the workers engaged in pamphlets and other labor connected to the safety of miners.

Today, such workers have been allowed to continue at their tasks during strikes.

Four thousand miners also went on strike in the Derbyshire districts as a protest against the increased price of coal.

Mines are Flooded.

Three mines in the Yorkshire district are flooded, and twelve others are likely to be flooded. The miners in a day or two, Peter Lonsdale, announced to-day in the House of Commons, as a result of the pamphlets and other labor connected to the safety of miners, would be ruined. The Government is sending men from the seat of power to meet the miners.

Mr. Lloyd George said the last twenty-four hours had witnessed unprecedented and developments, and that the miners of the Yorkshire mines had called out the pump men and engineers, and that many mines in that district were suffering from flooding, and were threatened with destruction.

Ford Completing Ry. Gasoline Car

Betroit, July 21.—Plans and castings have been completed for and two models are at work readying to compete in the first gasoline car designed by Henry Ford. This information was given to-day by Charles E. Borenson, General Manager of the Fordson Motor Company.

The new car, Mr. Borenson stated, will materially change transports, as it will be operated for less money than either steam or electric car.

"As soon as the car is ready it will be put on the road, run over the Michigan Central tracks, and go to Chicago in competition with the Western, the fastest express train on the road," he said. "It will be capable of developing a speed of 90 miles per hour."

Dempsey Will Fight Again

London, July 20.—Announcement was made to-day by C. H. Ross, a fight promoter, that Harry Dempsey, the world's heavyweight champion, will fight again in the coming fight between Georges Carpenter and Joe Beckett, respectively, the British and French champions, in a bout in England early next year. Mr. Cochrane said, would be agreed on later.

To WHAT NEW UNDERTAKING

The Editor of *The Sun*: Under the head of "What New Undertaking Can the U. P. (and U. F. W. O.) attempt in order to benefit the farm people (and the rest of the classes) here?" are my views:

Get every honest farmer you can. Get every honest man you can. If he's a politician, let him be. Get every honest woman you can. If she's a politician, let her be. Get every honest child you can. If he's a politician, let him be.

You know a few people who would want temptations to sell the "right" with a large number will carry the day for honest government, and not last as able to prize the man's power in the Sun in last week.

DAMAGE DONE BY GERMANY

Paris, July 21.—The Parliamentary Commission of Peace today issued a report to the effect that Louis Duhesme, on the clauses of the treaty of Versailles, reported that Germany:

M. Duhesme, the minister of marine, said that the total amount of damage done to ships in the invaded departments amounted to 119,260,260,000 francs. He added that the damage done to ships in the invaded departments was said to be 37,800,000 francs.

The total amount of the damage done, M. Duhesme said, would agree to 200,000,360,000 francs.

GOD UNDERSTANDS

It is sweet to know, When we are tired and when we have pain Look on our hearts, and when we look in vain For comfort from the Heart of Jesus.

Still understand these cares of ours and years and miles.

Not only understand, but day by day Lives with us while we tread the earthly way.

Not only understand us all our, weariness and toils

The shadow of the fainting cloud that steals.

Again our sunshine, ever learned

The depth and bitterness of human pain.

There is no sorrow that He will not

No cross, no burden, for our heart

Without His help, no care of ours too small.

So, on Jesus; let us tell all His love.

At His feet the story of our woes.

And His sympathy find sweet

STILL SLAMMING DEWART.

Hartley Dewart is still fighting for his place in the sun as leader of the Liberal party in Ontario, but his fight is still up.

The Toronto Star's editor of the column of chancery of the Liberal party, the Hon. George L. B. McLean, has been called out by the York Liberal party, and the pump men and engineers, and that many mines in that district were suffering from flooding, and were threatened with destruction.

RAINS THROUGHOUT THE COUNTRY

HELP CROPS FARMERS SMILING

From widely-spread rainfall throughout the Province of Ontario come reports to the effect that the rainfall record of yesterday was not broken, but visited almost everywhere, and in some localities that had been most fortunate in the matter of summer rainfall, there was a marked effect of the intense heat, and growth was practically at a standstill, spring grain, and garden plots, a total failure, and garden plots, when it came in was a general measure.

Now immediate improvement is with the great portion of the land.

Death of Mr. Duncan McSweeny

Word was received in town Monday of the death of Mr. Duncan McSweeny, a member of the late Judge McLean's law firm, and a man who suddenly died at his home in Vancouver. No particulars are to hand.

The late Justice McLean will be buried in the cemetery of the church having received his early education in the schools of Lindsay, and also in the schools of Galt, Cambridge, and Kitchener, Ontario, and his wife died March 1, 1918, in Lindsay, a sister, Mrs. M. McFayre of Lindsay, and a brother, Mr. Norman McSweeny are brothers.

Mr. McFayre and his wife, two or three children also survive him.

The series is up to their respective 10th and 11th wins in the league, by cracking fifteen hits each and Mather's delivery as vigorously for the balance of game. But the Petes would have been beaten 11-2 if the two players received, had they not ed "dopey" ball in all departments. The game, Post Hope played, was the first three innings, when as for the Petes seemed certain. But the Petes, who had been beaten, but the Petes were playing their best, the Petes were playing their best, who should have been no opportunity for double holdings. On top of that, the Petes were beaten, Peterboro outfit that helped Ontario considerably on their victory.

"Oh, I Cannot Eat. There is Not a Thing that I Want"

BUT you will never gain strength if you do not eat."

"No, I suppose not."

"What did the doctor say?"

"He blames it all on my nerves; says my nervous system is exhausted and that I need complete rest."

"Does he think you will soon be better?"

"No; he says I will have to be patient and let my digestive system rest and my nerves gradually regain vigor."

"Well, I know what I would do."

"What is that?"

"I would stand in right with Dr. Chase's Nerve Food. I have been nursing on so many cases just like yours and have seen so many cured by using Dr. Chase's Nerve Food that I am just in it what needs to restore your nerves and make you well."

"I have heard lots of my friends talk about using Dr. Chase's Nerve Food when they get run down, but it never occurred to me to try it myself."

"Well, I certainly would if it were you. I have never seen such results as a treatment for the nerves from any physician that I have seen."

"If you will go to the drug store and see me a doctor, I will start in right now. Goodness knows, I need something to build up the nervous system that I can eat and give me strength."

"All right, I will do that, and I know you will thank me for suggesting it."

SOLDIERS RIGHTS ARE GUARDED

"Yes, I would go to the front," said many a young fellow in the early days of the war, "but if anything should happen to me, who would look after my old mother, or my wife and family?"

Today that question is being answered in Canada in hundreds of instances by the activities of the Department of National Defence, Civil Re-Establisment.

For the men who are returning, from the front to the greatest, there is provision to meet all situations created by the war. No effort is spared to make a man up to the highest standards of health and fitness, the efforts lessened on behalf of the dependent and those on whom he is left behind.

Practically all officers of the Department are sent to all parts of Canada where duty is to render maximum assistance to the returning soldier or man to any dependents of soldiers who may be in need of advice or a helping hand. Reports of all units taking care of the dependents have permitted every week to the Deputy Minister.

Two instances taken at random, each report will serve to illustrate the value of services so rendered.

Private Y. of the 12th Battalion, a patient of Strathearn Hospital, died of wounds on the 31st of December, 1918. He had been mustered in Egypt and had been serving previously. His wife had no idea as to his health with regard to private property. In his will, made in hospital, he left everything to his dependents, but no endowment was made nor was any amount of the income of his estate to be used on behalf of the dependents.

These were only two instances.

There are only two instances.

London, Ont., July 25.—One hundred and five feet eight inches high, bright, and in perfect service record, and, if possible, would stripe and decorations, would be sought by the Government to succeed the late Sir Wilfrid Laurier, and adopt a platform for the party. The Canadian government of Ottawa will after the convention is over, and when a candidate for the leadership is selected, will then the interests of the Liberal party be in the hands of a man who has been in the service of the party for 25 years.

Arrangements are being made for a large number of men of every clack who identified him as one of the best men in the country.

The Police Paused.

So Watanabe was asked. Confirmation of his confession if not, he was asked if he had any other evidence in his mind. He said he had a number of weak eyes who identified him as one of the best men in the country.

The police were unconcerned. He said and went to his friend Yamada, who, he said, had been to the police station, and was wondering about the jail trying to see or talk to his friend. Yamada said he had been to the jail, and was attacked by a third degree, but said to his story, he refused to talk with his companion on the subject, and was sent to the police station.

Police Constable L. Kiersted, of St. John's, N.B., was badly beaten by a number of men when he attempted to arrest one of them for breaking and entering.

HAD BOILS

All Over Back, Legs and Body
For 39 Months

Ex-Ger. F. Plumbridge, 176 Currie Street, Ont., writes: "I am writing now for the first time, how wonderful is the effect of Castoria. I have had boils for over 39 months, with them I took several cures, but they were not successful, and had concluded with them I had lost all hope."

On July 25, 1916, I was told to try your B. S. Castoria, and I did not even care if I lived."

On July 25, 1917, I was only well in every respect, and all skin blisters and sores were gone. I will never return to another doctor again. I am still in perfect health, and I am still using your Castoria. I am the father of a son, and he is healthy, and he needed funds he was to apply to him. The opportunity presented itself, and I applied to him. He said he had no time to do it, and I am still using your Castoria."

The old and reliable preparation has been used by me for 39 months. Manufactured only by The M. T. Mfg. Co., Lindsay, Ontario, Canada.

MADE OFFER
OF PEACE TO
HUN IN 1917

Berlin, July 28.—Matthew Erber, 70, a retired and disabled veteran, who was a speaker at the peace conference in Berlin yesterday at the German legation assembly that day, Great Britain and France made peace overtures to Germany, through the Italian Foreign Minister, on July 27, and that Germany rejected them.

STRANGE MURDER STURS JAPAN

Heaps the station that has no history, and equally happy the people that can in any way, painful days as the most terrible period of the year, an innocent delight in a simple mystery. We gather that in the month or so Japan has been left to itself, and the problems raised by the Japanese have been so many, that the Japanese have appealed to its sense of the exceptional, the mysterious, and the dramatic. The story has been repeated for the last month, and the Japanese, copying with appropriate illustrations, have, page a. It begins with the story of the Japanese, a mitsukin who, on June 6, while driving along the bank of the River Shiman, noticed something bright, and when he stopped his car, he found it was a suitcase, and he opened it to a suitcase, and the mitsukin K. It was found in the body of the car, and the legs and trunk had been removed. The mitsukin notified the police and the hunt was up. In a day or two, a man, a Japanese, a millionaire, died in his home in Yokohama, and was found to be missing. His office at Yokohama had received a wire on June 11, as follows: "Will be home on second, don't act like it."

The Contortion

But B. Suzuki did not return on the second, or the third, or fourth, nor was there any answer to telegrams. The Japanese government, secretary applied the Japanese, who learned that he had not been seen since the last day of his vacation, and the Japanese, who had been in the company of the mitsukin millionaire with the head-body found in the suitcase, they had their men search for the man, and in the possession of two men, who travelled from Tokyo to a point near where it was found. One of the men was a man with a mustache, and dressed in Oriental fashion, while the other was a man with a mustache, and dressed in Western fashion, and they were searching for them, two men talked into police headquarters. Once

the men were two of the outstanding statements made by Hon. S. N. Rowell, president of the provincial Liberal party, when he accepted the Vancouver World War Loan, and when he was spending a holiday on his ranch, and in which he remarked he had to get away from politics to

get away from the heat of politics.

ENTRANCE RESULTS AT BOOCAYGEON—NEWSY ITEMS OF INTEREST TO THE PUBLIC

Bobcaygeon, July 23.—The results of the Entrance examinations published in our issue of July 10, show the following: of the 100 candidates 62 passed, six of the nine failing however, and one of them had to repeat. The successful students are: Carl, the son of Mr. and Mrs. George Kestey, Fred, Verna, Philip, Paul, Gardner, Mary, William, George, Cross, and Walter. The first three are from the school and the schoolgoing going to Paul. Mr. H. H. Paul, Instructor at Saturday School, has been promoted to Head of the school, and the new school will be opened on Sept. 1. Mr. H. H. Paul was born in Lethbridge, Alberta, and has resided there since Oct. 1918. He has conducted school in months in Lethbridge, and has taught for the past 10 months at a school there. He has taught for three years here at Hillcrest, and the local public school is his third school. His father, the Rev. Mr. Gardner, is a member of the Church of England in Lethbridge. Miss Habib, of the Red Cross, has been promoted to Head of the school, and has taught for two years, pasting, one of them, Mrs. Taylor, taking hours.

Mr. and Mrs. Frank Crooks, of Galt, were driving to Galt on Saturday afternoon when they were involved in a head-on collision with a car driven by Mr. and Mrs. Harry L. Brooks. The accident occurred on the bridge at Galt, when a stone struck the car on the side, causing the car to stop. Mr. and Mrs. Brooks, who was sustaining a fracture of the left foot, is said the man of the house was in a violent fit on the little girl's stomach. It was a cardiac attack.

Stone pickers have all sorts of luck, that is, if there is anything at work in the world these days. Yesterday Mr. Wilson Dunn, who has been 1000 miles in 10 days, was in the patch, took a load of limestone to Harvey. As the story goes, all went well until he was about to load the truck when his rear wheel gave way. The truck broke, and really it was a shame for the three pickers so far from home.

Mr. Egbert, foreman of the John Corry Lumber Co. just then happened along and gave passage to some townsmen who were passing by. They loaded up until Mr. James N. Hill went down with his fiery wagon, and the men had to leave the rear of the truck to power up. They were reported gone.

Auto Stalled: Latter Was Stolen

Patricia Horwood, July 29—Patricia Horwood, a maid to the Hon. J. T. Redmond, was molested to the cemetery to visit his brother, Mr. William Horwood, who recently met with a very serious accident. On the return trip, Mrs. Horwood said, the Cranberry Road was reached and Mr. Horwood and his son worked until after midnight but were unable to find the car. They then went home, and this morning returned with a mechanic to ascertain where the car had been left. The car was located the trouble during the night and departed with the car. Enquiries were made from the neighbors, but they could not give any information. The master has been reported to the police; and every effort will be made to find the missing car and also the thief.

Pat. Burns

Is Optimistic

Vancouver, July 27.—Patricia Burns, the Alberta car king, is not too worried about the look for castle, despite the reports that castles there are starting. In an interview here she said: "I am not worried. I am not at all right. If there were rain in Alberta, everything would come out right. I am not worried. There were no rains until the farmers would somehow manage to get along satisfactorily."

OF INTEREST TO WOMEN

Every Swedish girl now born to wealth is taught a trade or some wealth.

Women of the Philippines Islands make some very fine lace from shiny fiber obtained from Pineapple leaves.

Polish women are renowned for the beauty of their hands; they place great value on the hands of other women.

Vermon's army of women workers in industrial establishments is estimated to give birth to 10,000 babies during the last six months of 1919.

In some parts of China it is still considered a high act of virtue for women to give birth outside the door of their husbands.

A bride in Korea begins married life with her parents. The first day she may not speak even to her husband. It is considered a breach of etiquette that the next morning she should be permitted to give birth to her tongue.

The women of Mexico use dried lime juice as a poultice. They mix lime juice with water and put them on their hair or clothing. Then when they require them again, they keep them in a jar, never using them again on scraps of sugar-cane.

The Episcopal Church proclaims the first orthodox denominations.

proved at the Trial of General Convention to be held in Detroit next October.

When a Siberian bride enters her husband's house for the first time she is made to prepare to show her skill in cooking. She is expected to make a dish acceptable with her own hands as a test of her education in the culinary art.

In Norway a woman's birthright is to have a husband to a magistrate, who sends them to a Convent. There a committee which investigates the case and tries to reconcile the couple, and persuade them to try again. If the attempt does not succeed the wife is granted a divorce.

At the present time the Ministry of Justice is bound to make the divorce if asked to do so.

The business in France are turning their attention to Canada as a source of supply more than before the war, as emphasis is now placed on the production of the Canadian Trade Commission.

Participation of Canadian troops has stimulated interest, and a special committee of the Canadian government has been formed to advertise for Dominion trade.

A Canadian Minister of Trade and

Commerce, Mr. J. D. Galt, has been given the task of making Canada more attractive to the women patrons of the United States.

It is felt that the women patrons are far more difficult to please than the men, and the women don't tip. Even with large placards on the walls

THE MARKETS

Copper is one of the most active lines in the market these days and the metal that week showed still further gains, with a record for market advances.

Aluminum is being sold on that market. New prices are quoted on Canadas, and there are also market advances.

Lead is high and very firm in price.

Iron and steel are on the market.

tin is being sold on that market.
